(A) Hearth to Pitched Ceiling

(B) Horizontal Distance from Chimney to Roof Peak

(C) Roof Pitch (rise/run)
Ceiling Pitch (if different from the roof pitch)

- Depth of truss cavity?
- Type of roof? (If metal, please specify the type, i.e. corrugated, standing seam, etc)

NOTE: Pitch is Rise over Run. Example: a 6/12 pitch means the roof goes up 6" (rise) for every 12" horizontal (run).
