(A)Hearth to Ceiling

(B)Attic

(C)Horizontal Distance from
Chimney to Roof Peak

(D)Roof Pitch (rise/run)

•Is there insulation in the attic?

• Type of roof? (If metal, please specify the type, i.e. corrugated, standing seam, etc)

NOTE: Pitch is Rise over Run. Example: a 6/12 pitch means the roof goes up 6"(rise) for every 12"horizontal (run).
