

Important Upgrade Information!

Woodstock Soapstone Co. takes great pride in crafting the highest quality wood and gas stoves for our customers. We constantly strive to improve upon even the best designs. To that end, several internal parts of your Fireview stove have been replaced with newly designed parts made from different materials. The combustor scoop and the scoop supports, listed as part #s W-247, 248, and 249 on page 21 of the owners manual, have been upgraded to part # W-801 (stainless steel combustor scoop), W-2600 (2 stainless steel support posts, and W-2593 (stainless steel hairpin cotter pins). These new parts are shown in the photo below. They have been designed to provide years of trouble free service and make routine maintenance even easier. We welcome your input on these new components as well as any suggestions for improving our products in general. Please contact us at 1-800-866-4344 or at info@woodstove.com.
